Equipment Information

Equipment Manufacturer      ABC Company  
Model Number                    12345  
Serial Number                    98765

Equipment Information

Calibration Tool  
Manufacturer                    XYZ Manufacturer  
Model Number                    54321  
Serial Number                    56789

Calibration Results

{Procedure} – (Method)		
Setpoint	As Found	As Left
50	50.5	49

Statements of Pass or Fail Conformance: The uncertainty of the measurement has been considered when determining compliance with specification. All measurements and test results guard banded to ensure the probability of false-accepts does not exceed (guard percent) in compliance with (standard).  
Field Environmental Conditions: Temperature: between 17 and 23 degrees Celsius; rate of change not to exceed 1.0 C per hour. Relative humidity: from 30 to 70%. These conditions satisfy NIST requirements.
